

IMPORTANT DATES

1/12/2020	Registration open
31/1/2021	Abstract submission
28/2/2021	Abstract acceptance
30/6/2021	Full paper submission
1/9/2021	Full paper acceptance
5/9/2021	Registration deadline
5 – 8/10/2021	Symposium days

SYMPOSIUM INFO

will be available on

CORRESPONDENCE

resylab2021@gradri.uniri.hr

BRIEF HISTORY OF RESYLAB

The 1st ReSyLAB was held in March 2013 in Zagreb (Croatia), the 2nd in May 2015 in Belgrade (Serbia), the 3rd in October 2017 in Ljubljana (Slovenia) and the 4th in October 2019 in Sarajevo (Bosnia and Herzegovina), all under auspices of International Consortium on Landslides.

ORGANIZING COMMITTEE

Professor Željko Arbanas

Professor Snježana Mihalić Arbanas

Asst. Professor Vedran Jagodnik

Asst. Professor Martina Vivoda Prodan

Asst. Professor Sanja Dugonjić Jovančević

Snr. Lecturer Petra Jagodnik, PhD

Josip Peranić, PhD

Sara Pajalić

ICL ABN

The Adriatic-Balkan Network of International Consortium on Landslides (ICL ABN) was established in January 2012 as one of eight regional and thematic networks of ICL to promote landslide science in the region.

The members of the ICL ABN are dedicated to organize bi-annual regional symposium entitled Regional Symposium on Landslides in the Adriatic-Balkan Region (ReSyLAB), in an aim to strengthen the cooperation of the ICL ABN members and gather the scientists, researchers, engineers, professionals and decision-makers, from the region and beyond, concerned with landslide hazard and risk, their reduction and impact on society.

and
University of Rijeka
Faculty of Civil Engineering

FIRST ANNOUNCEMENT

5th Regional Symposium on Landslides in the Adriatic – Balkan Region

5th **LAB**
ReSy Rijeka 2021

Landslide Modelling and Applications

5 – 8 October 2021
Rijeka, Croatia

SYMPOSIUM ACTIVITIES

The Fifth Regional Symposium on Landslides in the Adriatic – Balkan Region (ReSyLAB) will be held in Rijeka, Croatia, 5-8 October 2021, at the Faculty of Civil Engineering. We introduce you to main Symposium activities:

5/10/2021 Workshop on landslide physical and numerical modelling

6-7/10/2021 Invited lectures and full paper presentations

8/10/2021 Field trip

Symposium activities will also include poster sections, awarded landslide photo exhibition and round table discussion on **Landslide science for community resilience**.

The official language is **English**.

SYMPOSIUM TOPICS

Authors are invited to submit papers in the following topics:

- **Landslide investigation**
- **Landslide mapping and modelling**
- **Landslide numerical modelling**
- **Landslide physical modelling**
- **Landslide susceptibility, hazard and risk modelling**
- **Landslide mitigation and remediation**
- **Landslide case studies**
- **Political and social impact of landslides**

CITY OF RIJEKA

Rijeka is the third largest city in Croatia and it is administrative centre of the Primorje-Gorski kotar County. It is situated in the Kvarner bay, along the course of Rječina River and thus it carries the symbol of water in its name. Dynamic and rich history, beginning from the prehistoric time, is written all over Rijeka and the Rijeka Ring in numerous cultural and historical monuments. In 2020, during the Croatian EU Presidency, Rijeka became the European Capital of Culture. Rijeka is also on *Travel + Leisure* annual list of the 50 best places in the World to travel in 2020. As well, Lonely Planet named Kvarner in top 10 regions in the World to visit in 2020.

Join us in Rijeka and discover its treasures!

WORKSHOP AND FIELD TRIP

Workshop on landslide physical and numerical modelling will be held on 5/10/2021, in the afternoon. The number of participants will be limited to 20. You are invited to register until 30/6/2021.

Field trip to landslides located in the Counties of Primorje-Gorski Kotar and Istria will be held on 8/10/2021. Registration deadline is 5/9/2021.

PUBLICATIONS AND AWARDS

Authors are invited to submit the abstract of about 250-300 words. Full papers will be peer-reviewed and published in the Symposium Proceedings. Certificates will be provided to invited lecturers, chairmen and authors.

The best full paper and oral presentation will be awarded by the Scientific Program Committee.

VENUE

You can arrive in Rijeka by Croatian motorways from three main directions (Zagreb, Ljubljana and Trieste). Rijeka is connected to larger Croatian and European cities by national and international bus lines. The Rijeka Airport is located on the Island of Krk, about 30 km away from the City.

For more information, we recommend to visit: www.visitrijeka.eu.
